\*\* The SNT are not a rapid response team and therefore work variable hours. Please leave a message and an officer will contact you when they are next on duty.

Dial 101 to contact your local Police about a crime that has already been committed. When you call you can speak in your own language if you cannot, or have difficulty, speaking English.

This is for situations that DO NOT require an immediate police response.

The Safer Neighbourhood Teams (SNT) are additional to other Policing teams. They are dedicated to making your neighbourhood a safer place to live in, work in and visit. They are trained to tackle and solve community problems. They will listen and talk to you. Their priorities are set by the local community and they will work with you and other agencies to find a lasting solution. They are not a 'quick fix' to deal with current crime and disorder and like any officer, they may, from time to time, be used in other areas of London where demand is higher for a more instant and rapid police response.
